

Our Board of Directors is conformed by 39 members and 3 ex officio members. They give their time and their experience as prestigious entrepreneurs to take care of the management and well-being of our great charitable organization. Remarkably, none of them receives any type of economic remuneration for their work. They do it as a pro-bono work.

These 39 members are elected by vote, while the 3 ex officio members are appointed by the public entities of Guayaquil being the Municipality of Guayaquil, the Prosecutor's Office of Guayas and the Dean of the Faculty of Medicine of the University of Guayaquil. They supervise the management of our various dependencies.

Unlike a traditional Board of Directors, our members supervise matters on daily basis, thus ensuring the achievement of high levels of operations in all dependencies, services and administrative areas, so to have our charitable work permanently active.

Each member acts in a spirit of body, responsibly and selflessly, exercising good judgment and is committed to work with integrity which is the essential characteristic of all our affairs.

Faithfully to the legacy of our founders, the members of our Board of Directors, know how to maintain the trust of the public by carrying out an efficient administration in all the dependencies that is charitable organization runs.
