

There are millions of men, women and children with limited resources from various regions of Ecuador, who have benefited from our work of social responsibility in the areas of health, education, social service and cemetery that the Board of Charity of Guayaquil offers since 1888 in Ecuador. In addition, the Board of Charity is a great source of employment, since it offers direct employment to more than 7,000 people, and indirectly provides income to more than 3,200 families that are dedicated to the sale of the National Lottery. To extend the scope of our charitable work and bring our help to more Ecuadorian brothers, we have implemented aid agreements for smaller foundations in all regions of Ecuador. We support the social work of other foundations throughout Ecuador. Thanks to the help we receive from foreign institutions, we are able to support smaller foundations nationwide.
