

Always thinking of the well-being and safety of citizens, the Neurosciences Institute of Junta de Beneficencia de Guayaquil, maintains active telephone lines 1700-462-462 and WhatsApp 0989889167 for scheduling medical appointments by calling or writing from 07:00 to 13:00. They can also do it in person at the Institute's external consultation.

The scheduling process for appointments is simple and accessible to all people. It even provides greater ease for those who do not live in the city since they can make the payment of the consultation by deposit or transfer to the account that is delivered at the time of the call. Once the payment is made, the person sends the photo of the receipt via WhatsApp and the date of the medical appointment is confirmed. They can also make the payment at the external consultation window the day you go to the consultation.

Medical care can be provided either in person or by video call, as preferred.
