

For a second year in a row the PET International North American Organization sends La Junta de Beneficencia a New Pet (Personal Energy Transportation) car donation to be distributed free of charge to adults suffering from motor disability in lower limbs (legs) as well as scarce economic means.

PET Cars have three replaceable air-inflated, rubber tires and a manual device to be pedaled with one's arms. Its assembly is mixed with both a metal base and a wooden one as well as a hand brake made of solid metal capable of stopping the car completely, awarding security to the operator.

La Junta de Beneficencia de Guayaquil calls everyone who needs this mobilization implement to use this application for which purpose there are three options:

- Come forward to the Central Office located in Velez 109 and Pedro Carbo streets, 3rd Floor, foreign Relations Department.
- Send an electronic Mail

To: ivaldez@bgye.org.ec ; kparedes@jbggye.org.ec; mordonezm@jbggye.org.ec

- Or download the form [HERE](#) and deliver it next to the documentation or send it scanned via e-mail.
