

Located in Samanes VII, next to the Casa del Hombre Doliente (Ailing Man's Home) Foundation, the Benedicto XVI Dispensary is the new Medical Center being offered by La Junta de Beneficencia to the northern Guayaquil community where no such attention is available.

This Dispensary has been offering attention since January 2nd of 2014. Administered by La Junta de Beneficencia, it has remodeled the premises in order to extend services required by the community at reasonable prices.

The Medical Center can handle 100 appointments a day in such specialties as General and Internal Medicine, Gynecology, and Odontology working out of 11 fully-equipped consulting rooms, an air-conditioned waiting room, a Clinical Laboratory and a Pharmacy.

Besides, La Junta de Beneficencia de Guayaquil, will offer free - of -charge transport services for 15 passengers from among dispensary patients. This bus will establish routes and timetables to transfer those who need to meet their appointments.

The Benedicto XVI Dispensary located in Samanes 7, block 2222, Lot # 1 attends to the public from Monday to Friday, from 08h00 to 16h00 and services both, individual, private patients as well as those affiliated to Social Security.

If you wish to become familiar with all those services that Junta de Beneficencia de Guayaquil Benedicto XVI Dispensary provides to the community, you should, attend the Open House proceedings which will take place on Saturday August 23rd of 2014 from 08h00 to 13h00. There, free of charge, glucose exams, obstetric, abdominal, breast and liver as well as prostate antigen testing will take place together with preventive health talks. Be there!
